How to Request a Variance Before the Board of Zoning Appeals

If you cannot meet all the standards and regulations of the Roswell Unified Development Code, you could present your request for a Variance before the Roswell Board of Zoning Appeals. A Variance is a relaxation of the strict terms of the Zoning Ordinance (such as height, setbacks, parking or other regulations) for a specific property, to permit construction or use in a manner that would otherwise be prohibited because of the particular physical surroundings, shape or topographical conditions. Variances are covered in the Section 13.11 “Variance” of the Roswell Unified Development Code.

The Board of Zoning Appeals meets the 2nd Tuesday of each month at 7:00 p.m. in the Council Chambers of Roswell City Hall. You will need to complete and submit your Variance Application by the filing deadline in order for the Variance request to be heard at the upcoming scheduled meeting. See the attached BZA calendar for deadline dates and the Variance Checklist for complete application requirements.

You must present your request to the Board in the form of a hardship that you will experience if the strict application of the zoning regulation is enforced. In granting a Variance, the Board of Zoning Appeals may impose requirements and conditions to protect adjacent properties and the public interest. Any application for a Variance must be supported by written verification of that:

- There are extraordinary and exceptional conditions or practical difficulties pertaining to the particular piece of property in question because of its size, shape or topography that are not applicable to other lands or structures in the same district.

In making this determination, the Board of Zoning Appeals considers the following criteria:

- A literal interpretation of the provisions of this UDC would effectively deprive the applicant of rights commonly enjoyed by other properties of the district in which the property is located.
- Granting the Variance requested will not confer upon the property of the applicant any special privileges that are denied to other properties of the zoning district in which the property is located.
- The requested Variance will be in harmony with the purpose and intent of this UDC and will not be injurious to the neighborhood or to the general welfare.
- The special circumstances are not the result of the actions of the applicant.
- The Variance requested is the minimum variance that will make possible the proposed use of the land, building, or structure.
- The Variance does not permit a use of land, buildings or structures, which are not permitted by right in the zoning district.
- The Variance does not increase the maximum allocation of sign area or the maximum area of an allowed sign type.

Requesting an Administrative Variance

An Administrative Variance is similar to a Variance in that it also grants relief from the strict requirements of the Roswell Unified Development Code. An Administrative Variance does not require a public hearing. The Zoning Director may “administratively” vary or waive any of the certain requirements as outlined in Section 13.9 of the Roswell Unified Development Code.

Details are covered on the attached Variance Checklist. Please note that the Administrative Variance Consent Form, found on page 5, and the Site Plan must contain original signatures of abutting property owners. There is no specific calendar deadline for an Administrative Variance Submittal.
