

Rucker Road Complete Street

Project Manager | Greg Nicolas, P.E. | Senior Transportation Engineer

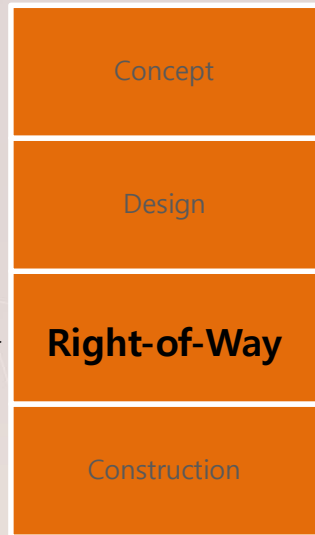

PROJECT OVERVIEW

This project will reconstruct Rucker Road from the Alpharetta City Limits to the Arnold Mill Road/Houze Road Intersection. The project will add a new center lane in areas it did not previously exist and will add new wide sidewalks and a multi-use path along the Rucker Road corridor. Roswell is funding the portion of the project within the Roswell city limits with TSPLOST funds. Alpharetta is covering their portion of the project from their city's May 2016 bond referendum. Alpharetta's section is currently under construction. Roswell's section of the project will likely begin in 2019 and be completed shortly after Alpharetta's section.

Project Cost (Roswell-only portion): \$1.5 million

Project Total (Roswell + Alpharetta portion): \$15.8 million
