community

*Get Involved and Protect our  
Chattahoochee River Watershed By...*

 **Registering with AquaHawk Alerting**

Roswell Water Utility Customers can sign up for this free web portal that alerts you when you may have a water leak. Learn more at [roswellgov.com/aquahawk](http://roswellgov.com/aquahawk)

 **Touring Your Local Drinking Water Plant**

Learn about the source of your drinking water and how safe, reliable drinking water is produced.

 **Using Rain Barrels at Home**

Learn how to build your own at a DIY Rain Barrel Workshop! Check [www.keeptoswellbeautiful.org](http://www.keeptoswellbeautiful.org) for upcoming dates.

 **Volunteering w/ Chattahoochee River-keeper's Neighborhood Water Watch**

Bring your stream sample to be tested for various parameters to improve water quality and protect human health.

 **Marking Your Neighborhood Storm Drains**

Educate your neighbors about stormwater pollution by marking storm drains with discs that read "No Dumping, Drains to Stream" and distributing informational door hangers. This is a great community service project.

For more information regarding these opportunities, contact Vicki Culbreth: **770-641-3742** or [vculbreth@roswellgov.com](mailto:vculbreth@roswellgov.com)
